

What's it like to be 90 years young?

This 90th anniversary year has been remarkable. Over the last five years we have baptized 635 people, 151 in this year alone. To each of you, your friends and family who are joining us on the Journey, we say, "Welcome!"

We also say "Thank you!" to each of our ministry leaders and volunteers. You are the heart of our community of love, truth and healing grace in Jesus. I give God praise for the way you serve and minister in his name. You are honey in the comb that makes our church sticky. "Sticky" means we give people a reason to come, and when they do, we help them say, "I'll be back with a friend."

Financially, though this has been an unpredictable year, our ministries and mission projects have not missed a beat in the forward march of the gospel. In fact, we have finished our fiscal ministry year receiving over 96% of our budget needs without touching our reserves.

And what a humbling privilege this year to be recognized by Leadership Network as one of the 400 most innovative and influential churches in North America!

What does it feel like to be 90 years young? It feels like the best is yet to come!

Devotedly,

*Bill*

Pastor Bill White

## FINDING YOUR CONNECTION

At Christ Journey, we believe life change takes place when people are connected in groups. This is where we are challenged to grow amongst like-minded believers committed to knowing more about God.

## BEYOND OUR WALLS

Glory House has made great strides this past year, including receiving their first survivor at the house. People donated time, talents and furniture to help in the cause. 60 volunteers have been trained in the "Hands that Heal" curriculum to be able to help survivors. We are also providing services to five non-residents and have begun a Bible study for survivors. Numerous events in schools, universities and churches have been hosted to create awareness.

**\$953,700**  
2016

Actual dollars/conservative  
value of gifts in kind.

We returned to Nicaragua with the biggest team ever – 28 high schoolers traveled to the compound to help our missionaries, The Farrington's, run a Vacation Bible School at Club Esperanza, beautify the club and spend quality time with the kids at Ruby Ranch.

This past summer Drive hosted a young adult mission trip to New York City. They visited Metro Baptist Church in Hell's Kitchen for a week of training. In addition, they had their own City Serve in Greater Restoration Baptist Church in Brooklyn where they created a safe place for kids to play and learn the gospel.

### CITY SERVE

City Serve went "supersize" at David Fairchild Elementary. From landscaping, building and painting picnic tables to building an outdoor classroom complete with rubber mulch, this beautification project was a success under the leadership of Scott Burnotes.

Scott and Shellie Perdigon along with children Emma, Jackie and Jane led a trip to the Bahamas. They were able to help other families navigate a new mission with potential new mission partners.

We also sent a middle school team down to the island during spring break. This was a joint effort with middle schoolers from both the Kendall and Gables campus.
