

Anthony & Brittany Gonzalez

SUMMER 2017

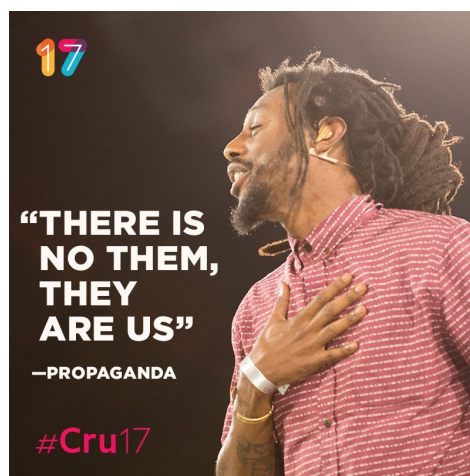

“This is the first time I open a Bible,” Gavin whispered to himself as he turned to Genesis to discover God’s design for sex during one of our teaching sessions of **J.A.M. Camp**. “J.A.M.” stands for Jesus, Athletics, and Manhood. Gavin was one of 46 high school athletes who not only attended our week-long camp, but received the Gospel! Check out the highlight video <https://vimeo.com/222820471> and hear what Anthony has to say about it.

Soon after J.A.M. Camp in Xenia, Ohio, we traveled as a family to Fort Collins, Colorado for three weeks of coursework, training, and the **Cru17** conference. Brittany completed a mission course, provided by Cru, which inspired us to discuss and vision-cast our work as a couple through the lens of God’s global mission.

Propaganda was just one of the many speakers who challenged us during Cru17. Alongside 5,000 other staff, we discussed the importance of ethnic diversity and racial reconciliation, starting with our own organization! Pray that, as one of the largest Christian mission movements in the world, we would embody the type of reconciliation that God demonstrates to us in Jesus Christ. To bring this home, we desire to build stronger partnerships, regardless of denomination or ethnicity, with other Christ-centered organizations and be unified by faith in Christ.

From Colorado, Anthony made his way to Pasadena, California, for a week of residential seminary work at **Fuller**. There, he sharpened his preaching and missional leadership with other classmates in his program.

Pray for us as we process what we’ve learned this summer and return to Miami for the launch of the new school year at UM. Thank you for your ongoing prayers and support!
